

ALLIANCE
**EARTHMOVER &
MINING**

TRA: **G-2/L-2**
Speed Rating: **B**

Alliance 308 is a tire designed for rugged service on front-end loaders. Husky tread bars are sized and angled for maximum traction and specially contoured to resist tearing and chipping. The overlapping lugs ensure smooth rolling on any type of surface and the spacing between lugs provides self-cleaning properties. It is built with ozone and weather-resistant compounds and has a strong nylon construction.

For the above size 8PR, 10PR and 14Pr is no longer active for production
