Speed Rating: **A6**

Super High Lift SDS is designed for telehandlers working in extreme conditions. The robust two-stage construction provides superior life ensuring reduced downtime and maximum vehicle productivity. A stepped lug design with high tread depth enhances stability and provides high traction. The dual aperture design assures cushioned riding experience and minimizes heat generation. The presence of a special abrasion resistance compound safeguards the tire against wear and improves tire life.

Telehandler - 13.00-24
