

655 MULTI-USE AN EARTHMOVING TIRE FOR WINTER AND SUMMER.

- All-steel radial carcass offers puncture resistance and long service life while on hard surfaces
- Chunk and chip tread compound for a long tire life and durable wear in harsh conditions
- Unique tread design gives traction and smooth ride on different surface types like snow and gravel
- Reinforced carcass for stability and handling on or off the road
- Unique block design for a flat and rectangular footprint allowing the load to be evenly distributed across the tread face

655 MULTI-USE

The Alliance 655 is specially designed for heavy duty compact machinery with very good resistance to shock and perforation. Massive lugs design, extra-thick sidewall and undertread, aggressive tread pattern and flat stable crown.

FOOTPRINT ANALYSIS

Alliance 655 Multiuse vs Standard G2/L2 tire

Block tread design enables a larger footprint and distributes load evenly compared to a standard grader tire

UNIQUE TREAD DESIGN

- Smooth ride on hard surfaces
- Special tread design and reinforced carcass for stability
- Long and durable wear
